

Harrisburg Oasis Community - Recognized their organization as a new church locally on October 28, 2012. The church had officially been organized at the Illinois District Assembly in July. The service concluded with the new church board being installed by Pastor Gary Clark and Administrative Associate, Douglas Haynes. The new church board is pictured above with Rev. Clark and Rev. Haynes.

News from Carmi

Thank you for keeping us informed about our people of the District. I might report, Barb is improving very slowly, but improving. I brought her home for four hours one day this week, and she was ready to go back. Last Sunday we were surprised with Pastor Appreciation Sunday, she was able to be there for the first outage since her surgery. I can't say enough for the wonderful support of our Church, I am thinking they really like us. Well have a great day and God Bless, Dallas Robinson, Pastor
